PROJECTS

Personal Portfolio Website   NOV 2025 TO FEB 6 2026

Tech Stack: React.js, JavaScript, GSAP, HTML5, CSS3, Figma

- Designed the portfolio UI using Figma low-fidelity and high-fidelity wireframes before development.
- Converted the Figma design into a fully functional React-based portfolio website.
- Implemented smooth animations and interactions using GSAP and ScrollTrigger.
- Developed a fully responsive design supporting mobile, tablet, and large-screen viewports.
- Followed component-based architecture and reusable UI structures.
- Optimized performance and ensured cross-browser compatibility.
- Deployed the live portfolio to showcase projects and skills.

Instagram UI Clone - DESKTOP-VIEW (Frontend-Focused)   JUN -JULY 2025

Tech Stack - React.js, Bootstrap, JSON Server (Mock Backend), REST APIs

- Built a desktop Instagram-like UI using React.js and Bootstrap.
- Rendered feed and stories using data fetched from a **JSON Server** API (UI-focused, non-interactive).
- Implemented routing between Home and Profile pages using React Router.
- Simulated CRUD functionality for follow/unfollow and profile updates.
- Used **Axios**, **Fetch** API, and React hooks (**useState**, **useEffect**) for data handling and state management.

CERTIFICATION   APRIL - 2024

FRONTEND DEVELOPER CERTIFICATION IN BESANT TECHNOLOGIES**| |**CHENNAI

OTHER EXPERIENCE

Paulsons Beauty & Fashion **| Sales & Service Lead Manager**   OCT 2022 - SEPT 2023
